Austria is a rather small country located between Germany and Italy. The best-known city in this country is Vienna. Over the years this city has been known for its contributions to the culture in the area. It is especially known for its performing arts. Another place that has played an important part in the exquisite culture of the region is the city of Salzburg.

Salzburg is also recognized for its music. Just as important, however, is that the city is the birthplace of Wolfgang Amadeus Mozart. Mozart was one of the greatest composers of all time. Perhaps no other composer had an earlier start at his professional endeavors than did Mozart. It is thought that he began playing at the age of four and began composing at the age of five.
